PRIVATE AMBULANCE SERVICE
EMS PERSONNEL MARKINGS & PROTECTIVE GEAR
PROTECTIVE JACKETS

Effective: October 5, 2020
Replaces: New
Review: October 5, 2023

I. Purpose of the Schedule

The purpose of this schedule is to identify protective jacket standards for EMS personnel employed with County permitted private ambulance services.

II. Requirements

A. All prehospital care personnel working for permitted private ambulances services shall wear the standard protective jacket designated by the County.

B. Each ambulance service shall be responsible to replace and provide a jacket for each individual employee assigned to field duty (not per-unit).

C. County provided PPE may only be worn or displayed when serving in an official capacity as a representative of the Santa Clara County Emergency Medical Services System.

III. Replacement and Repair

A. Santa Clara County EMS service providers are responsible to provide for the replacement of PPE including loss, repair, or damage.

B. No permitted private ambulance service may place any person in service that does not have appropriate PPE.

IV. Surrender

All County provided equipment must be surrendered upon separation from service with an authorized Santa Clara County EMS System Provider.
V.  **Private Ambulance Service Jacket Standards**

A.  The County approved protective jacket conforms to ANSI/ISEA 107-2010 standards.

B.  Jackets shall be marked in accordance with the standards identified in the table below.  No other markings, decals, images, etc, may be affixed to the jacket.

C.  An authorized Santa Clara County EMT, Paramedic, Intern or Observer identifier tape will be affixed to right chest pocket of the protective jacket.  No other decals, markings, logos, or images may be attached to the protective jacket.
